

## RECRUITING NEW IAG MEMBERS

**INDEPENDENT**  
**And**  
**Got time to help?**

We are looking for people to join our Independent Advisory Group (IAG) who give advice on policy and police operations to Cheshire Constabulary and the Police Authority.

Our Group of people from local communities are entirely independent of the police service and give advice and as 'critical friends' about the way police services are delivered to the public.

The Group includes people from all communities in Cheshire, in particular, we would like people to join us who understand the needs of or have experience of what it's like in Cheshire to:-

- be a Muslim female;
- have cared for someone with mental health needs;
- use British Sign Language to communicate; or
- be Transgender.

If you are interested in giving a couple of hours per week and are interested in finding out more please contact the Diversity Unit for more information.

Telephone – 01244 612003
